Under section 26 of the Forest Act for the management of the forest and waste lands within the Chandragiri Agency situated below ghats in the Ganjam District.

Under the powers vested in him by section 21 of the Madras Act V of 1852, His Excellency the Governor in Council is pleased to make the following rules to regulate the management of the forest and waste lands at the disposal of Government within the Chandragiri Agency situated below ghats and not outside within any reserved forest:—

(1) From and after the date of this notification it shall be unlawful for any person to fell, girdle, crush, lop, top, uproot, burn, strip off the bark or leave from, or otherwise damage, any tree growing on the said lands or to remove the timber from or to collect the natural produce of such trees or lands, or to quarry or collect stone, brick, gravel or earth procuring any commercial value upon such lands, unless he is authorized so to do by the Agent to the Governor or by some person duly empowered by the Agent to the Governor in that behalf.

(2) The Agent to the Governor may, by order in writing to be duly notified in the District Gazette, select any areas within the said lands and may constitute them fuel or fodder reserves or grazing grounds, or may direct them to be placed under special fire-protection. Upon the issue of these areas being notified in the District Gazette, it shall be unlawful for any person wilfully or negligently to set fire to any trees, timber, grass or other forest produce, or to kindle or carry or keep burning any fire, or to graze cattle or to permit cattle to trespass within such areas except on such places and subject to such conditions as may be prescribed by the Agent to the Governor by notification in the District Gazette.

(3) The Agent to the Governor may, by order in writing to be duly notified in the District Gazette, prohibit the felling of any specified descriptions of trees. Such trees shall be called "reserved trees" and such prohibition may be general or may be applicable only to areas selected under rule 2 above.

(4) Grazing inhabitants of enclosed villages within the said lands shall be permitted to cut and remove free of charge and without license or permit, any wood that they may require for actual house consumption, and shall also be permitted to carry on the collection known as Poda cuttance, provided that if the Agent to the Governor so directs, they shall not be permitted to cut or remove any description of tree notified as a reserved tree under the last preceding rule, nor shall they be allowed to carry on Poda cuttance in any area which it has been proposed, by notification, under section 1 of the Act to constitute a reserved forest or which has been selected under rule 2 above. The term enclosed villages includes all villages which are within the said lands and does not include villages adjoining or adjacent to the said lands.

(5) Upon any areas being selected by the Agent to the Governor under rule 2 of these rules and notified as therein prescribed, it shall be unlawful for any person to hunt, shoot or fish within such areas, except under a license granted by the Agent to the Governor and subject to such conditions as he may, from time to time, prescribe.

(6) Whoever commits any breach or infringement of any of the above rules shall be liable, on conviction by a Magistrate, to be punished with imprisonment of either description for a term which may extend to one month, or with fine, which may extend to Rs. 200 or with both.

(7) Any power to select areas or issue notifications, given by these rules, may be exercised from time to time as occasion requires, and any orders or notifications made or issued thereunder may be amended or modified by the authority making them.

(45) The (46) and (47) point, then, quite well, from data in *Parangar* (cf. Chinnaiyappan—this gives the name of the southernmost stream of water for 100 ft. of length, and is very well marked through the Chinnaiyappan landscape) to the *Parangar* landscape, where there are three streams of the unbroken stream of water for 10 ft. of *Parangar*. There is some irony in this, since the interest about the status of the world's wet areas of forestry has little to do with the fact that the world's forests are being lost at an alarming rate. (2) No candidate will be admitted to the examination in Agriculture unless he has produced a certificate from competent authority showing that during one season he took his full share of the work of cultivating not less than four acres of arable cropping, or managed a farm of ten acres or more for at least one year.

(3) Each of the co-students of the late Mafess College of Agriculture, Edulpaet, as here set to complete their course and qualify for the Diploma in Agriculture, are warned that all of them should appear at the examination to be held in April next in all such subjects as they have not already passed in, so no further examination will be held.

(4) No exemption will be granted to those candidates who fail to stand in their applications, or, having won them, absent themselves from the examination, or fail to secure a pass in the several subjects and qualify for the diploma.

(5) Diplomas in Agriculture will be granted to candidates who have already passed in the nine subjects prescribed herefor, though not in the order referred to in paragraph 2 above, and also to those who similarly complete their course in the nine subjects in all at the examination of April next.

(6) The date and the place of examination for the Written Exam and for the Oral and Practical examinations will be notified in due season in the Port St. George Gazette.

(7) The Written Exam and the Oral and Practical examinations in such subjects as require them will be held at such places only where satisfactory arrangements can be made for the conduct of such examinations. Candidates must, at their own expense, proceed to these places to undergo examination.

(8) *22.*—To guard against misapprehension in the case of some of the Oral and Practical examinations it may be held before the Written examination, candidates are recommended to refer to Part B-B of the Port St. George Gazette from time to time.

(9) Each candidate must, whenever the syllabus requires it, as herein, or *before the 22nd February* send the necessary drawings, plans, sketches, fold-books, specimens, or other "certified works." Each of the drawings, etc., submitted must have entered on it the name of the candidate and the subject and grade of examination for which he appears and must be certified to be his own genuine work by the head of the institution or office in which he is employed, by an officer of the Public Works Department and below the rank of Inspector, by a District Board Engineer, by the Engineer of the Corporation of Madras, or by an Engineer of any Railway Company.

Candidates are specially warned that no certified work will be valued by examiners unless the certificate of authentication is quite satisfactory, and specifies clearly the period of time occupied in the execution of such work and unless the examiner is satisfied as to the honesty and qualifications of the person granting the certificate. Candidates whose certified works are in any way accepted by the examiners, will be liable to have their examinations invalidated and also to be detained from appearing for any of the examinations under the control of the Commissioner for such term of years as the Commissioner may think fit.

It must be particularly noted that the drawings, etc., of each candidate should be submitted in a separate roll for each subject and for each grade (i.e., the drawings, etc., for a number of subjects should not be rolled up together), and that the drawings, etc., of a number of candidates should not be sent in one and the same roll. Also, at the middle of each roll for each subject, each candidate should enter the following particulars in full:—

(1) Name of candidate,
(2) Subject,

(3) Grade, and

(4) Total number of drawings in each roll.

As the application has to be kept in the office and as the drawings, etc., have to be forwarded to the examiners, the application itself should be sent in a separate cover and sent out with the drawings, etc.

A candidate who failed, or having applied, did not appear, at a previous examination, must submit fresh drawings, etc. The drawings, etc., submitted with or without success be returned.

Only one form of application should be used by each candidate, although he may bring up several subjects and come up for different grades.

8. Candidates in the enclosed should obtain the required application forms from the treasury at the school in which they are resident or at the district to which they belong. Candidates who are residents of Madras should apply for application forms at the Office of the Commissioner for Government Examinations, Old College, Nungambakam, and not to the Collector of Madras.

SUPPLEMENT TO PART II
OF
THE FORT ST. GEORGE GAZETTE.

No. 6.] MADRAS, TUESDAY EVENING, FEBRUARY 9, 1900. [PART I & 2.]

SALT, ARRARI AND CUSTOMS DEPARTMENT.

NOTIFICATION.

No. 3, dated 16th January 1900.

NOTICE OF SALE OF ARRARI AND OPIUM PRIVILEGES.

Notice is hereby given that the licenses of independent shops appointed for the sale of liquor, opium, and intoxicating drugs during the twelve months beginning 1st April 1900 and ending 31st March 1901, and the local licenses appointed for them will be awarded by Collector to those District Officers and that the privileges of sale therein, will be put up to public auction on the date, at the place and by the officers to be notified by Collector subject to the conditions hereinafter set forth.

Conditions of Auction Sale.

1. The districts in which independent arrari shops, foreign liquor licenses, beer shops, ganja shops and opium shops, respectively, will be sold are specified below:—

Independent arrari shops.	Foreign liquor licenses.	Beer shops.	Ganja shops.	Opium shops.
1	2	3	4	5

From 1st April 1900.

Throughout the entire trade of the Presidency including the Pongutta District.	In all districts except Madras and Pongutta.	In the districts of Bellary, North Arcot, Tanjore, Tiruchengode, Madurai, Coimbatore and Salem.	Through out the Pongutta District.	Throughout the Pongutta District.
--	--	---	------------------------------------	-----------------------------------

Arrari and ganja licenses in depot licenses will be issued for all districts. Particulars regarding them will be found in clause XVI below. A separate notification will be issued regarding fixed fee foreign liquor licenses.

III. A deposit must be made by each bidder previous to bidding and will be returned by the selling officer on the day of sale. A deposit of Rs. 25 will ordinarily be required from any person wishing to bid for any independent shop or any large number of shops. This will be reduced to Rs. 25 in the case of tenders for not more than two or three shops of an aggregate monthly value of Rs. 25 or less and to Rs. 5 in the case of tenders for single small shops. In the Kaveri District, the officer constituting the sale party, where in such is necessary, requires a deposit of Rs. 10 only from bidders for small shops. In the South Arcot District, the selling officer may at their discretion reduce the deposit to Rs. 2 for shops whose average monthly value does not exceed Rs. 2.

IV. The shops will be put up to auction in the order in which they are awarded, unless the selling officer sees reason to change that order. Open prices will be fixed at the discretion of the Collector. The precise price placed by Government or the shops will not be published, but the amount of the previous five years' rentals will be notified by the Collector, whenever possible, for the information of bidders.

V. No person will be allowed to bid for another unless he holds a power-of-attorney from him.

VI. The officer conducting the sale may, at his discretion, refuse to accept the bid of any person on the ground that he has been convicted by a Criminal Court or has previously been guilty of such a breach of the conditions of a license or of a contract under the opium Act, as to render him inadmissible as a holder of a license or on the ground that he is intoxicated or to prevent arrangements to the detriment of Government interests or for any other valid reason. He may also refuse any bid which he may consider to be purely speculative, unless according to his reasons for doing so.

VII. The shops will be knocked down to the highest bidder, but the sale will be subject to formal confirmation of the Collector, who shall be at liberty to accept or reject any bid, at his discretion. Such formal confirmation will be taken subject to an acceptance of the bid, unless invited by the Board of Revenue for special reasons, and will be necessary whether the sale be held by the Collector himself or by any other officer appointed by him.

VIII. In case of dispute the selling officer's decision shall be final. If for any reason the highest bid is rejected the next highest shall be taken or the shop re-sold at his discretion.

IX. At the close of each day's sale, the deposits made by the unsuccessful bidders will be returned to them. At the same time, each person whose bid is accepted shall at once, if so required by the selling officer, or otherwise at the close of the day's sale, make a further deposit of half a month's rent in addition to the deposit made under clause III for each shop unless the actual deposit equals or exceeds two months' rent. Should he fail to do so, the deposit made by him, unless clause III will be forfeited and the shop will be put up again immediately by the selling officer on the above conditions or otherwise disposed of by the Collector and the defaulter will be returned from bidding again for the same or for any other shop.

X. Persons in whose shops have been knocked down and who have made deposits on provision in clauses III and IX shall also deposit such further sum as with the former deposits will make up two months' rent to be paid within ten days from the date of communication of the Collector's acceptance of the bid and which without unnecessary delay entails the necessary arrangements and take out licenses on the conditions mentioned set forth. In the case of the purchaser's death after signing the agreement, it will be binding on his heirs and assigns. Should the rental deposit exceed the sum required to be deposited under this clause, the excess will be refunded unless the purchaser is required to deposit more than one month's rent.

XI. If an assignee subsequently to the purchase shall be found to be of doubtful solvency, he may be required either to deposit twice the sum provided in clause X above, or to get a security or surety to ensure the payment of all claims that may become due by him under the terms of the contract. The bond shall be stamped (article 14, schedule 1, Act II of 1897) and registered at the expense of the purchaser of the amount secured clause No. 1, 1908.

XII. In the failure of any person to make deposit under clause X or to comply with the regulations under clause XI above or to ensure arrangements and take out licenses as aforesaid, the deposits already made may be forfeited and the shop, until under the order of the District Officer or the Collector or otherwise disposed of by the latter officer.

XIII. If a bid offered under clause XII will bear the risk of the defaulting bidder, who will forfeit all paid, say, in the event of a loss, will be required to make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the resale. In the latter case the forfeited deposits will be deducted from the loss arising from the resale, and the remainder, if any, will be recoverable from the defaulter in the most manner as if it was an order of Court Revenue. Should, however, the forfeited deposits be greater than the loss by resale, the whole of such deposits will be credited to Government. The defaulting bidder will be similarly liable if the privilege is disposed of otherwise than by resale and such deposit results in loss to Government as compared with original sale.

XIV. The purchaser of the privilege is liable to the penalties provided for breaches of the conditions set forth below, though a formal license may not have been issued to him.

XV. The deposit referred to in clause X or clause XI, as the case may be, will be taken as security for the due performance of the conditions of the license. If the Collector and Revenue so agree it may be applied towards the last instalments of the license payable by the licensee.

Condition of Issue of Licenses for Wholesale Trade of Arrack and Ganja.

XVI. Applications for the privilege of the wholesale trade of country spirits and of intoxicating drugs prepared from the kump plant shall reach the Collector concerned on or before the 1st March 1909 and each should be accompanied by a bond of Rs. 10 which will be returned to those persons whose applications for licenses are not approved. The grant of licenses confers no exclusive privilege, and it will be open to the Collector to grant licenses under like conditions to other persons at any time during the currency of the license for which applications are now invited. Licenses for the wholesale trade of arrack will be granted to private persons only if they have obtained the consent of the special supply contractor of the district to the opening of their depots. If such depots are not wanted to the satisfaction of the Collector, they may be closed at any time.

The license issued under the above clauses will contain the following general conditions common to all wholen and spirit houses and the special conditions prescribed below for each particular kind.

General Conditions applicable to all Arrack and Opium Licenses.

1. Contract suppliers of country spirits are prohibited from taking any interest in the retail trade of arrack or in the trade of other intoxicants in any part of their towns and from supplying any person who has such interest. This prohibition does not extend to the wholesale supply of foreign liquor as

* Deposits may be in cash or other approved security.

† Includes Deputy District in independent charge.

These officers are empowered to enter and examine the premises, to seal weights and measures in use and the liquor, opium and intoxicating drugs under sale, and to seal for and check the same as kept in the shop or depot. These officers will also make inspections when necessary within the scope of their duty.

20. An inspection note-book, with the pages numbered consecutively, for inspecting officers to enter their remarks in, shall be maintained, and be handed over to the Inspector of the Circle or any officer authorized by him to receive it on a receipt being given therefor.

21. The amount for which the privilege has been purchased shall be payable in twelve equal monthly instalments into a Government Treasury on or before the 5th of each month beginning with April or October as the case may be. Fees for deposits should be prepaid.

22. No payment or abatement of the rent shall be claimed as any amount advanced upon the deposit, if any, made by him at the commencement of the term. He shall be bound to replace any sums advanced from his deposit within fifteen days of receipt of notice from the Tahsilदार.

23. Power is further conferred on Revenue officers to accept^a licences in cases of failure of payment of bids or (in the case of tenders) transactions on the due dates. In the case of breach, robbery, fraud and other offences, this power will be exercised by Tahsilदार, in the case of agents bought by Divisional Officers and in other cases by the Collector.

24. In the event of suspension of a licence for failure to pay arrears, the privilege of sale will be re-sold with effect from the date of issue of licence to the new purchaser or otherwise disposed of at the Collector's discretion. All licences subject of suspension and re-sale or other disposal of the privilege shall be issued by the delinquent licensee, but he shall have no right to gain, if any, which accrues.
